

# 3M™ Flat Fold Particulate Respirator 9542V, P2, with Nuisance Level\* Organic Vapour Relief

- Activated carbon layer reduces exposure to nuisance levels\* of organic vapour and odour, e.g. diesel particulate matter and unburned fuel vapour
- Folded design for easy storage and dispensing in the workplace
- Does not contain components made from natural rubber latex

## More comfortable to wear

- The welded knitted headband enhances comfort
- The proprietary 3M Cool Flow Valve is designed for easy exhalation and reduces heat build-up inside the respirator

## More comprehensive protection

- Can be used for respiratory protection against solid particles and liquid mists such as those from grinding, sanding, sweeping, sawing, bagging, or processing minerals, coal, iron ore, flour, metal, wood, pollen, and certain other substances
- Applicable to the reduction of odour of dust and organic vapours\*\*
- Applicable to the reduction of dust and non-oil mists generated in industries such as automotive, electrics, chemical, furniture, home appliance, machinery processing and other industries
- Complies with AS/NZS 1716:2012 P2
